

## **REPORT BY THE LOCAL GOVERNMENT AND PUBLIC SERVICES COMMITTEE**

### **The Local Authorities Executive Arrangements (Functions and Responsibilities)(Amendment)(Wales) Regulations and Local Authorities Alternative Arrangements (Amendment)(Wales) Regulations 2004**

The Committee considered *The Local Authorities Executive Arrangements (Functions and Responsibilities)(Amendment)(Wales) Regulations and Local Authorities Alternative Arrangements (Amendment)(Wales) Regulations 2004* at its meeting on 13 October 2004.

The Committee raised the following issues:

- *The letting of contracts for Motor Salvage is a matter for the full council. Are there any other types of contract that must be considered by the full council?*
- *Although the regulations state that licensing committees should be constituted from the full council, consideration should be given as to whether licensing policy should also be a function of the full council.*

*In response the following points were made:*

- *Officials agreed to clarify if there were other types of contract which were a matter for the full council;*
- *Licensing policy is not covered by these regulations.*

The Committee recommended approval of the regulations without amendment.

**Ann Jones AM**
