Dear Ruth,

Re: Consultation – Proposed Domiciliary LCO Committee – *The National Assembly for Wales (Legislative Competence) (No.4) Order 2008* relating to charging for Non-Residential Social Care (Domiciliary Care)

Please find below the formal consultation response from the All Wales Nursing and Midwifery Committee. Very little feedback was obtained but I have detailed below the general responses to the document:

Question 1 - What are your views on the general principle that legislative competence in the area identified in Matter 15.9 be conferred on the Assembly?

This is a change of order in response to equal charging for non domiciliary care which is not consistent in Wales.

Question 2 - What are your views on the terms of the proposed Order e.g. are they too narrowly or broadly drawn?

It would help to bring about consistency in Wales in relation to charging.

Question 3 - Do you consider that the excepted matters would hinder the effectiveness of any future proposed Measures brought forward under Matter 15.9? If so please explain why.

This primarily is a Local Authority required response and would not change the way we in Health provide services, however, it may enhance the Commissioning of Services.

Yours sincerely

J. Galvani (Mrs)
EXECUTIVE DIRECTOR OF NURSING & MIDWIFERY
