The draft Regional Transport Planning (Wales) Order 2006

The Committee considered the above draft Order at its meeting on 21 September 2006.

Members requested clarification on:

- ◆ The inclusion in guidance of specific aspects of Regional Transport Plans (RTPs) that certain consultees had noted were absent from the Order.
- ◆ Local transport planning elements being integrated into RTPs, to take account of local citizen's interests.

In response the Minister made the following points:

- ◆ The points that consultees had noted were absent from the Order would be covered in guidance.
- ◆ The Minister for Local Government and Public Services would explore how the integration of local transport planning elements into RTPs could be addressed in guidance, in consultation with the Minister for Enterprise Innovation and Networks.

The Committee recommended approval of the Order as drafted.
