Dear Mr Reading

Call for Evidence

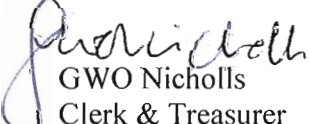

Thank you for your letter of November 2008.

This was discussed at the Council meeting on 8 December and the Member asked me to forward the following comments to you:

- Assembly Members should not decide on their own rates of pay and allowances.
- All expenses claims should be supported by receipts.
- The allowances and rules for second homes should be reviewed – these may not always be necessary as it should be easier now for AMs to reach Cardiff than it was in the past.

Hope this is of some help to you.

Yours sincerely

GWO Nicholls
Clerk & Treasurer
