Call for Evidence 26/11/08

My view is that the National Assembly is a total waste of time, space and money.

The members are a smug, self awarding, overstaffed, self perpetuating layer of so called government that Wales could well do without.

It was setup based on a claimed 1% majority, guided through by a man who was and remains a disgrace to public office.

George Mouta

I agree 100% with George. There is no evidence I have ever seen to support that any payment to any Assembly member, in any form, has ever been cost-effective.

On this basis, Membership (if it has to be continued) should be entirely voluntary, and Members ^(like us) should fund their own expenses, without any public contribution in any way.

ASSEMBLY MEMBERS

SHOULD BE PAID ON A PRODUCTIVITY BASIS, EXPENSES SHOULD BE CUT TO A MINIMUM WITH BASIC SET ALLOWANCES. FOR SECOND HOME ANY EXTRAS TO BE PAID FOR FROM MEMBERS OWN POCKET.
