

# SENEDD GYNALIADWY

Faint  
wyddoch chi! **1**

**1** Fedrwc chi enwi'r gwahanol ddeunyddiau a gafodd eu defnyddio i adeiladu'r Senedd?

---

---

---

**2** Pam y cafodd y deunyddiau hyn eu dewis?

---

---

---

**3** Sut mae golau'n cael ei ddefnyddio'n fwy effeithlon yn y Senedd? Pam fod hyn yn bwysig?

---

---

---

**4** Pa ffynonellau ynni adnewyddadwy gaiff eu defnyddio i wresogi'r adeilad?

---

---

---

**4**

What renewable sources of energy are used to heat the building?

---

---

---

**3**

How is light used efficiently in the Senedd? Why is this important?

---

---

---

**2**

Why have each of these materials been chosen?

---

---

---

**1**

Name the different materials used in the building of the Senedd.

---

---

---

**SUSTAINABLE SENEDD**  
Test your knowledge!

5

How is the building's temperature controlled?

---

---

---

6

What happens to the collected rainwater? Can you think of other uses for this 'greywater'?

---

---

---

7

Draw a diagram of the Senedd and label its energy saving features.

7

Gwnewch lun cartŵn i ddangos y ffyrdd y mae'r adeilad yn helpu'r amgylchedd drwy arbed ynni.

6

Beth sy'n digwydd i'r dŵr glaw sy'n cael ei gasglu? Fedrwn chi feddwl am ffyrdd eraill o ddefnyddio'r 'dŵr llwyd' hwn?

---

---

---

5

Sut mae tymheredd yr adeilad yn cael ei reoli?

---

---

---
